Amy/Joe –

I will drop off with Amy some hardcopy printouts of fact sheets prepared by our Superfund, Land, and Water Divisions for the upcoming budget hearings. They are due back to OCIR by COB today. Providing for your review before they go to Alexis for her review and sign-off which is requested before I send them on to OCIR.

Attached are the requested factsheets for R9 including:

- Northern California Wildfires
- Hunters Point Naval Shipyard
- Anaconda Copper Mine Site
- Eureka Smelter Removal Action (SFD added this to list at their suggestion)
- Red Hill
- U.S./Mexico Border Infrastructure Program
- Navajo Nation Abandoned Uranium Mines
- California CAA Waiver (Air Division working directly with HQ on this so no R9 fact sheet is being produced.

Below is the call memo and Excel spreadsheets in a message sent out from Kelly to Division Directors.

Hello all-

Here's a note from OCIR and accompanying memo regarding the call for budget and policy fact sheets for FY19 Appropriations hearings. This process is always a bit confusing, as the NPMs usually also reach out to regional program offices, but OCIR asks the regional Congressional liaisons/comptrollers to coordinate clearance for these.

According to Christina (OCIR), there should already be existing fact sheets for most of these topics that were submitted last year. Hopefully the NPMs/OCFO are sharing those with the regional program offices and your folks are already aware and working on them. If you do send any budget fact sheets along to your NPMs, please CC Brent and I.

The lists I've seen, which I can also send, include the following R9-specific topics (there are other topics that are broader in nature, such as abandoned uranium mining, for which we could provide info as requested). **The fact sheets are due to HQ by April 2.**

- * Anaconda
- * Hunters Point
- * Red Hill
- * U.S.-Mexico Border (Water)
- * CA CAA Waiver

I'm out Thurs and Fri, but Joe and Brent are in the loop on this deadline and should be able to assist.

Kelly
